

FIG. 1

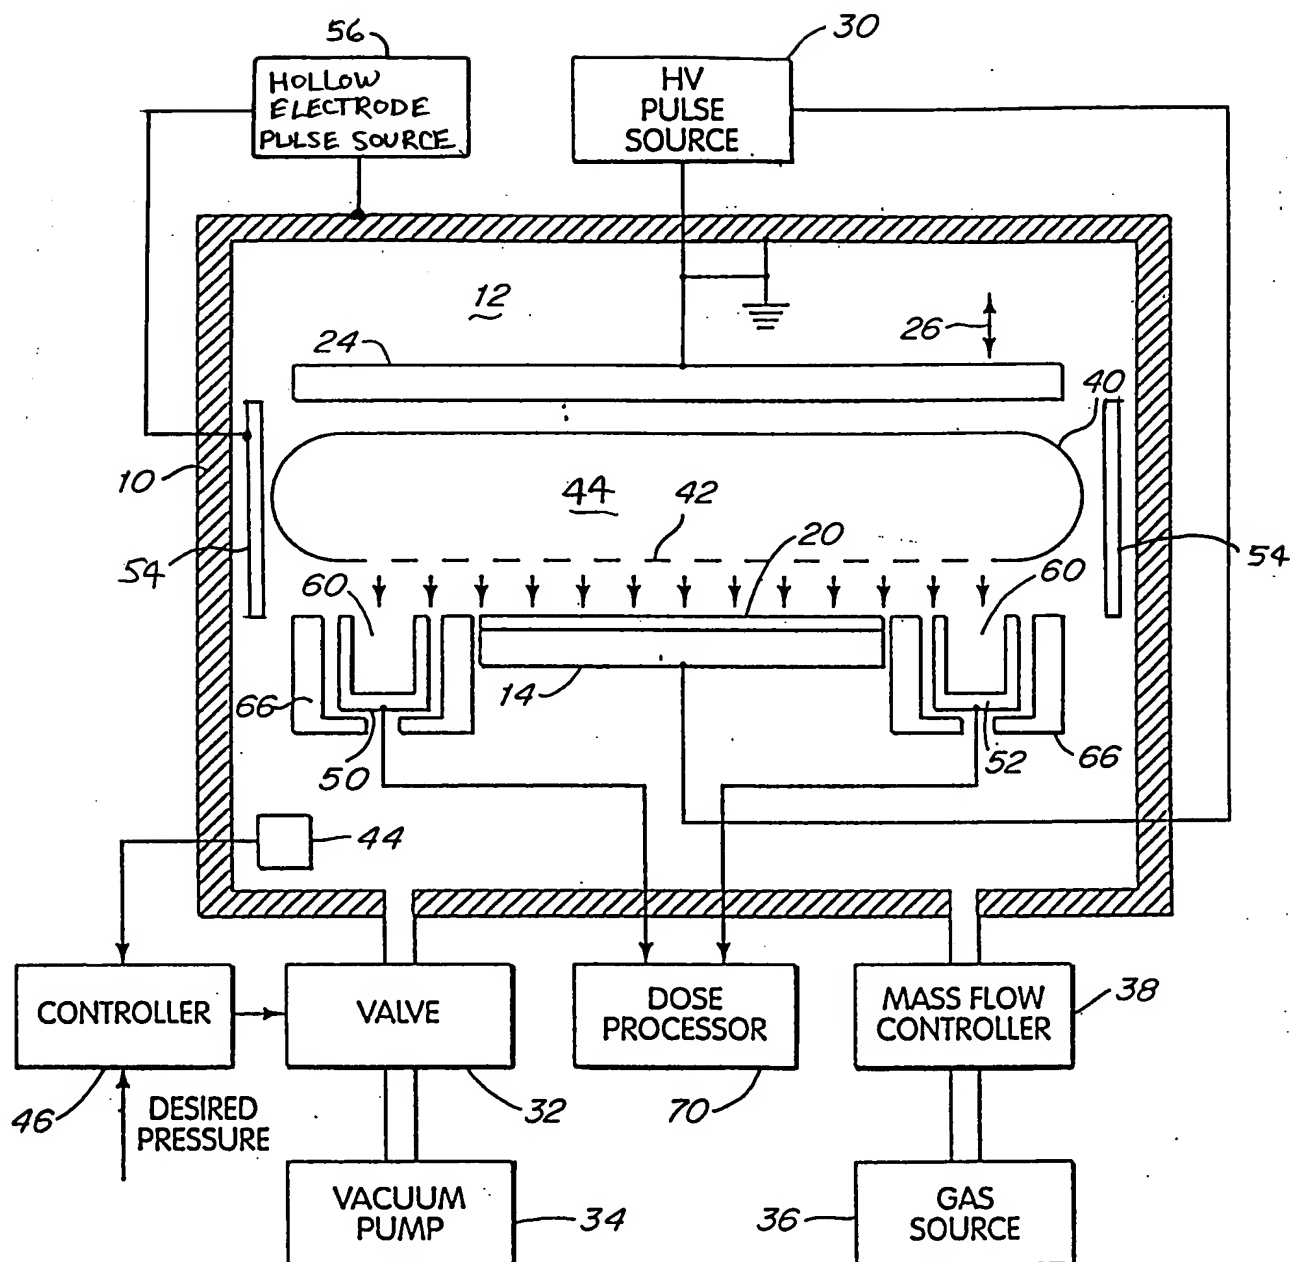

FIG. 1

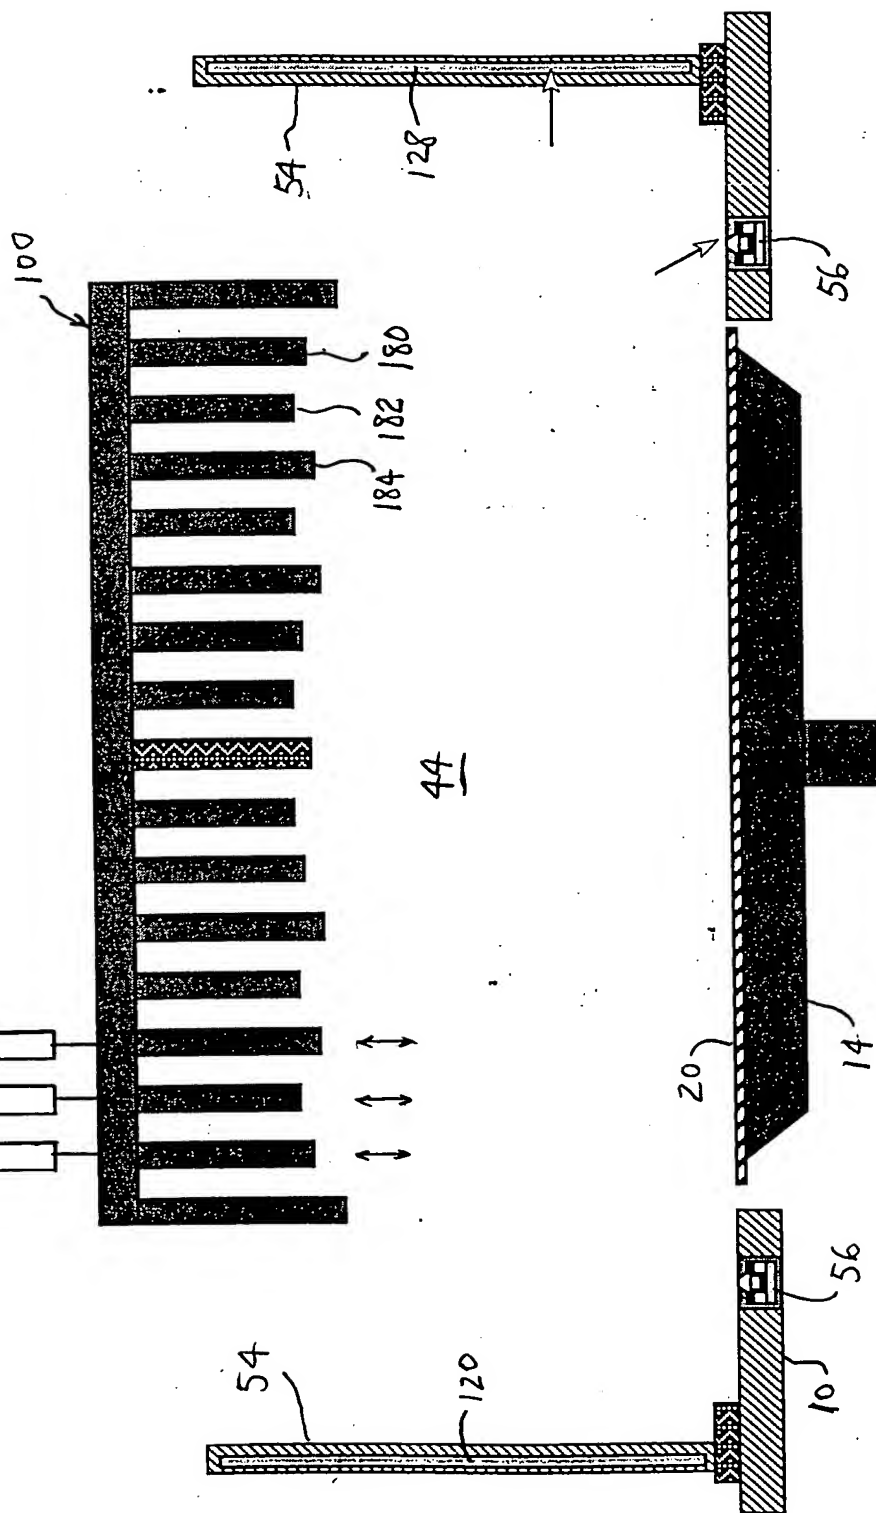

FIG. 2

The diagram shows a circular structure with several concentric rings. The outermost ring is divided into segments labeled 'N' and 'S' (North and South poles). This ring is labeled with reference numerals 124, 126, 128, and 130. Inside this is a ring labeled 100, followed by a series of concentric rings labeled 180, 182, and 184. The central part of the diagram consists of many concentric rings, with arrows pointing towards the center. The entire structure is enclosed within a circular boundary.
